The complainant in the first case was
William Eillott, a negro, who charged
that he had been assented beaten and
abused by the police after he was taken
to the Twentieth Precinct police station.
Three newspaper reporters corrobowated Eillott. Lawyer Ludlow was not
allowed to cross-examine police officers
and men who were in the station where
Eillott said he was assaulted.

The committee of three, in summing
up the facts, find in the report that Ahere
were more than sixty officers in the
station to which Eillott was taken; that
Eillott is tated his inability to identify
his assaliant; that on account of the
crowd in the station it was possible that
Eillott was pushed and jostled, but by
whom Hillott is unable to say.

The report concludes as follows:
"This practically disposes of the specific complaint of assault, except in so
far as the commanding Sargeant (acting Captain Cooney) might be responsible for knowingly permitting a prisoner
to be abused in his station-house, and
failing to take action thereon."

The report says that Acting Captain
Cooney swears positively that no assault was committed in his presence or
to his knowledge. In this he is corroborated by other witnesses.

Our own government must send an aide man to represent our affairs. Then American manhood will do the rest. I am an American, but the Canadians on their side of the line do things much better than we do on ours.

Women in New York are far more fortunate in the way of prices for dress than women of the Klondike. Any sort of a hat for a woman costs in Dawson 1816. Any sort of a skirt costs \$16. I am having some clothes made in New York, and the prices astound me because they are so much below our prices. A woman startled me to-day by saying in a very nice way that there was a sign in years of the Trink of it! It made me feel quite womanly. I should never hear of it in Dawson.

A story of long loving and waiting came out to-day in the arrest of Thomas McCormick, charged with breach of promise by Margaret M. Lynch, of 211 West One Hundred and Forty-secon street. She says she fears he is about to go to Ireland. McCormick is held in \$500 ball.

Miss Lynch alleges that she has now been waiting twenty-one years for Mc-Cormick to fulfil his yows to marry her. McCormick was a policeman for thirtyfour years. He got to be a roundsman in the harbor police squad.

He was retired on Monday last on a pension at the age of sixty-five.

Then, says Miss Lynch, McCormick, who boarded at her house, renewed his yows and set Dec. 22, 1896, for the weding day. They were to have a merry Christmas honeymoon.
"But," says Miss Lynch, "before the

THE LITTLE SICKNESSES

Which Grow Into Big Ones. A little cold in the head is a trifle, but eglected and it hangs on from week week and gets into the throat and lungs it is no longer a triffe. It is then no longer a slight cold but the beginning of chronic catarrh.

Do not make the mistake of thinking you have no catarrh because the head and nose appear to be clear. If there is cough, tickling in the throat, hoarseness or a sense of oppression in the chest you have throat and bronchial catarrh. If the appe-tite is poor, nausea, gagging and disgust for food, especially in the morning, you have catarrh of the stomach. The surest and safest treatment for every

Stuart's Catarrh Tablets are composed of Sanguinaria, gualacol, Red gum and simiiar antiseptics which destroy the germs of caterrh in the blood, and no one who suffers from any form of catarrh and has seen the uselessness of sprays, douches, and powders will ever go back to them after once trying so convenient, pleasant and harmless a remedy as Stuart's Catarrh Tablets and one which gives relief in so short a time.

Even in cases where catarrh has affected the senses of smell and hearing these tablets accomplish a cure because, the blood being cleansed of catarrhal germs, the mucous surfaces of the nose and throat no longer clog up the respiratory passages with catarrhal secretions.

The Great Builder of Strength, Power, and Health is Dr. Greene's Nervura.

Life is not the same as strength. Weakness may undermine the stateliest structure, and nobody dreams of danger until the fatal collapse comes.

So it is with the body. You may look well but lack vitality. Poor blood and weak nerves may have undermined the constitution.

Do you have any of the biliousness, or indigestion?

Are you unable to sleep many forms of dyspepsia, well and unable to get proper rest when you do sleep? Do you worry? Are you startled at every unexpected sound? Do you have the blues? Does everything go wrong with you? Are you troubled with headaches, nervous exhaustion, weak, tired feelings or

palpitation of the heart? These are some of the symptoms of impure blood and weakness and prostration of the nervous system. Thousands of people worse off than you are have been quickly and permanently cured by

Dr. Greene's Nervura BLOOD AND NERVE REMEDY

the wonderful restorative of health, strength, and vigor. Everybody needs this greatest and best of all curative remedies.

MR. A. L. BARTGES, of Loganton, Pa. says:

"I have used Dr. Greene's Nervura blood and herve remedy. I was a regular wreck, nervous, and almost in despair. I was formerly a hard drinker. When I commenced the use of Dr. Greene's Nervura I got an appetite and could eat well, and my desire for strong drink left me. I was very hervens and at times my head felt as though it would upset rae, but now I am where I once weighed but 1/0. I now weigh 188 pounds.

"I say to all who wish to be healthy and strong, I would advise them, if sick, to use Dr. Greene's Nervura, the great brain, nerve, and bloot remedy. I am selling all kinds of proprietary medicines in my drug store and know what is said of them all; but whenever I feel nervous and rain-down. I use Dr. Greene's Nervura and thank that remedy for the good results, and I like to handle it because I know the value of it by experience on myself."

Relief from the depression and despair which characterize blood and nerve diseases is indeed cause for thanksgiving. Under the magic influence of Dr. Greene's Nervara blood and nerve remedy, the better part of Nature asserts itself and we want to tell the good news to all the world. This is why Dr. Greene's Nervara has thousands of testimonials from people high and low, rich and poor, who wish that other sufferers may share in their own health and happiness, by using this grandest of remedies.

Dr. Greene invites free consultation and gives examination and advice free or by letter, at his office, 35 West 14th Street, New York City. All letters are strictly private and confidential.
